

## KI EUROPE – PERRY®, MATRIX® & MAESTRO®

New Colour Programme and Improvements to **Perry®**, **Matrix®** & **Maestro®**

KI's stacking chairs have been improved with:

- A new polypropylene colour palette
- Improved welds and double nickel high chrome finish to all solid rod frames as standard
- A wider range of wood stain options on Matrix®

More details on the new polypropylene palette may be found at [www.ki.com](http://www.ki.com)

All of these products are sub-assembled in our European factory. Perry® and Matrix® are also available upholstered in European fabrics e.g. Kvadrat, Camborne and Interface.
